- Resume and Interview Prep
- Career Workshops
- Internships

I found an internship at BOA/Merrill Lynch through the Career Exploration Center. I loved commuting from Concordia to New York City every day! Just before graduation, I received an offer of full-time employment.

A Lutheran Christian heritage informs Concordia's educational philosophy and community life. Concordia graduates understand they're meant for more, and are prepared to make a positive impact on our world.

This college gives you the sense of purpose, community, passion and respect that I personally haven't experienced anywhere else.
